

## NEWSLETTER NO. 3/2022

Dear reader,

We are happy to share with you the third Boosting Classes 2.0 newsletter. You can read about the progression of our project below.

### Erasmus+ Boosting Classes 2.0 for high-quality teaching in adult education

The project aims at:

- Defining a common framework for the identification of teaching and learning approaches to promote and implement the integration of new technologies in adult education effectively;
- Reinforcing the assessment and evaluation system in distance learning;
- Designing open education resources aiming to define the technical skills for didactic use;
- Utilizing the attractiveness of technology to improve social inclusion focused mainly on language skills improvement and responsible use of technology in terms of safety and ethical rules;
- Improving the collaborative sense among teachers and schools.

Project partners are:

**CPIA Formia,**  
Italy – coordinator  
<http://www.cpia10formia.it>

**Vocational High School of Mechanical, Electrical and Electronics,** Bulgaria

### Boosting Classes 2.0 for high-quality teaching in adult education – multiplier event

- As part of the European project BoostClass 2.0 - Boosting Classes 2.0 in adult education for high teaching quality co-financed by the ERASMUS + European Program, CPIA 10 Formia, in collaboration with the EU-Track research centre, organized a seminar for school principals, staff teacher and ATA, and to all interested parties, to promote and share the project objectives and the results obtained so far. It was also a good opportunity to learn about how to participate in the testing phase of the methodology and tools developed by the partnership – on 21 December 2021
